The Market, Right Now

Zetland and Waterloo are doing the heavy lifting in the Green Square corridor: steady stock, two-bedders clustering just under \$1.05M, and rents holding firm on the back of transport access.

SUBURB	MEDIAN	RECENT RANGE	READ
Zetland	\$1.05M	\$0.95M–\$1.20M	<i>Most active; new stock keeps pricing honest.</i>
Waterloo	\$0.98M	\$0.86M–\$1.12M	<i>Slightly cheaper entry, older stock.</i>

THE VERDICT

A textbook fit — single-level, light, secure parking, and a five-minute walk to Green Square. Priced to actually transact.

Why it fits the brief

This is squarely on-brief: a single-level two-bedder in Victoria Park's Elite release, under 5km from the CBD and less than a kilometre's stroll to Green Square station. The covered balcony, stone kitchen and main-with-ensuite layout answer the low-maintenance, lifestyle-first mandate, and the secure basement car space clears the parking deal-breaker outright.

Capital-growth story is the Green Square renewal precinct itself – still maturing, with retail (East Village), parks (Joynton, Gunyama aquatic centre) and transport all already delivered rather than promised. Building amenity (indoor pool, gym) is a genuine rentability edge if it ever shifts to an investment.

- ✓ Secure basement car space – clears the parking deal-breaker
- ✓ <1km walk to Green Square station
- ✓ Covered entertainer's balcony + main with ensuite
- ✓ Indoor pool & gym in-complex (rentability edge)
- ✓ Opposite Joynton Park – good for the dog

ONE WATCH-OUT

Price guide tops out at \$1.045M – at the upper end it eats most of the buy budget, so the strata figure matters. Confirm before offering.

THE VERDICT

Dead-centre of the Green Square precinct, two bathrooms and parking, priced right in the band. Lower-floor position is the only asterisk.

Why it fits the brief

Joynton Avenue is about as central as the precinct gets – East Village supermarket and the Gunyama aquatic centre are a flat two-minute walk, and Green Square station sits comfortably inside the kilometre. A genuine two-bath, single-car-space two-bedder in the same price band as the Gadigal release, so it competes directly on lifestyle.

The growth thesis is identical to the corridor's: amenity already delivered, not promised. As a 100-series apartment it reads as a lower-floor plan, which trades some light and outlook for an easier price entry.

- ✓ Steps from East Village + Gunyama aquatic centre
- ✓ Two full bathrooms – main with ensuite
- ✓ Secure car space included
- ✓ Inside the 1km walk to Green Square station
- ✓ Same price band as comparable new stock

ONE WATCH-OUT

A 100-series (lower-floor) plan – confirm the aspect and natural light in person; it can run darker than the upper-level releases.

From the listing

A well-appointed two-bedroom apartment in one of Zetland's most central addresses, footsteps from East Village, the aquatic centre and the parkland network. Two bedrooms with built-ins, main with ensuite, open-plan living to a private balcony, stone kitchen with gas, internal laundry, air-conditioning and secure parking.

- Walk to Green Square station and East Village
- Secure car space + storage
- Pet-friendly building (verify by-laws)

THE VERDICT

A level-10 plan buys light, air and outlook — the lifestyle pick of the three. You pay for the floor, pushing into the top of the budget.

Why it fits the brief

The 1005 line is a tenth-floor apartment, so this is the one that answers the 'north-facing, good light' preference most directly — elevated outlook, cross-ventilation and distance from street noise. Still a two-bath, one-car two-bedder, and O'Dea Avenue keeps you inside the easy walk to Green Square and East Village.

Higher floors in the corridor have historically held value best, so the growth case is the strongest of the three — the trade-off is simply price: the guide starts at \$1M and runs to the top of your band.

- ✓ Level 10 — elevated outlook, light and cross-flow
- ✓ Two bathrooms + secure car space
- ✓ Short walk to Green Square + East Village
- ✓ Higher floors hold value best in the corridor
- ✓ Quietest of the three (well above street level)

ONE WATCH-OUT

Guide runs to \$1.1M – the high-floor premium pushes this into the top of the budget, leaving less headroom on strata and stamp duty.

From the listing

A light-filled tenth-floor apartment in a well-run Zetland building, moments from Green Square and the East Village precinct. Two double bedrooms, main with ensuite, open-plan living opening to a balcony with district outlook, stone gas kitchen, ducted air-conditioning, internal laundry and secure basement parking with lift access.

- Elevated, north-leaning aspect
- Resident gym and rooftop common area
- Walk to station, parks and dining
